We are looking for a regional coordinator. We are L'Arche: a unique international movement based on friendship between people with and without learning disabilities, and we are looking for someone to support and inspire us to make a difference locally.

Your role

- You will support us as directors in our work to foster the personal and professional growth of our 100+ employees.
- You will help us to develop and fund inclusion projects in Antwerp, Bruges, Ghent, Gouda and Haarlem.
- You will contribute to strategy development and support our boards on good governance initiatives.
- You will facilitate exchanges between our communities and organise regional activities that strengthen our mutual ties.
- You will support communities in implementing L'Arche's mission, values and practices.
- You will connect the five communities to the International Federation and strengthen ties with communities in other parts of the world.

Your profile

- You are motivated to contribute to projects with added social value and are enthusiastic about L'Arche's mission.
- You build connections and are a good listener, who feels at home among people with and without disabilities.
- You inspire and take the lead where necessary, and do not shy away from organising projects yourself.
- You have a passion for inclusion and an affinity with the social care sector.
- You are fluent in English or French; knowledge of both languages is a plus.
- You live in Flanders and have a car.

What we offer

Meaningful work in an international family where everyone counts and is valued. A home where there is space for you to demonstrate your own initiative and grow, both on a personal and professional level.

Flexible working hours and a good work-life balance. You will often work from home, but will have an office in one of our communities and will travel regularly to the Netherlands and abroad twice a year for international meetings.

A salary package equivalent to that of a deputy director within the VAPH PC 319.01 (K5) scale.
